

Get Behind Me

Nathan Zwald

I ran right past you Lord
In pursuit of a spiritual dream
Misguided actions all
Dressed up in spiritual themes
These broken pieces lie
Behind me marking my path
Lord face me forward and break
The yolk that holding me back

Get behind me
You sin and shame
Get behind me
I'm tired of playing games
Get behind me
You sorrow and pain
Get behind me
I'm tired of playing these games
In Jesus name
Get behind me

I know there's a reason for
Every road I've traveled before
I've heard claims of your freedom Lord
I need to know that more
Grant me the conquering power
Residing in your name
To speak into my life proclaiming
Jesus reigns
