

Greater Is He

Nathan Zwald

Turn your face to the sky and
Open up your eyes the Kingdom's come
There's anointing waiting
For the church to come and finally stand as one
We have not known power
Such as this before but only in part
So timid Christians when will
We believe those words we've always known by heart

Greater is he that is in me
Than he that's in the world
Greater is he that is in me
Greater is he
Than he that's in the world
He's so much greater in me

All power in heaven and earth
Has been given us to set men free
In the name of Jesus
Mountains shall be moved if we will choose to believe
With his authority speak
To the darkness and it must depart
If timid Christians we will
Just believe those words we've always know by heart

The word says demons tremble at the sound of His name
We need not fear the darkness if we're standing on His word
Which says He will always be so much greater in me
