

Know I Am God
Nathan Zwald

Father of light show me the way to go
Giver of life teach me that I may know
And in the quiet here on my knees
You come so softly whispering to me

Know I am God
Be still my child
Know I am God
Rest in me for awhile
My child

Lover of all that even Your son should die
Father I fall, before heavens throne I lie
And in the quiet here on my face
You come so softly and wrap me in grace

Yes you are God
And I am Your child
Yes you are God
Shelter me for awhile
I am Your child
